Every Seven Years, physiologists say, the human body is entirely changed and renewed. Every moment of our lives, every part of our bodies is wearing out and being built up anew of fresh matter. This work is accomplished by the blood which goes through every part. But if the blood becomes weak or vitiated and does not perform its work properly, the system is actually poisoned by the worn out matter clogging the vital organs instead of leaving the body. For dyspepsia, biliousness, kidney, skin and liver troubles, fevers, and all diseases arising from vitiated blood, DR. WALKER'S CALIFORNIA VINEGAR BITTERS are a sovereign remedy.

THE ODD FELLOWS' EXCURSION TO PARIS.

This morning, some days before nine o'clock, a large crowd of Odd-Fellows, who intended to take advantage of the cheap rates of fare and make a visit to Paris, Ill., assembled at the Odd-Fellows' hall, and headed by the Decatur Brass Band, in full uniform, the procession marched to the depot of the Illinois Midland Railway, to await the coming of the passenger train. A few minutes after the appointed time the train arrived, and after attaching two extra coaches the passengers were taken in, and the train soon after left.

Many of our leading citizens left with the excursionists. The ticket agent reports that he sold 125 tickets. The coaches all seemed to be pretty well filled, and all the excursionists left in the best of spirits.

To-day is the occasion of the 58th anniversary of American Odd-Fellowship, and it is to be duly celebrated in Paris by the order in that city and by all other lodges from the different towns and cities which are represented.

Excursionists from all the towns of note along the route from here to Paris will board the train and take part in the celebration.

The observance of this anniversary is a sight well worth seeing, and it is mostly on this account that so many left this morning for Paris.
Runaway.—This morning an old horse attached to the St. Nicholas hotel baggage wagon got frightened in the rear of the livery stable and ran up the alley between North Main and Church streets until he reached the Presbyterian church, when he turned to the right and ran down Main street, across the old square, back to the stable. The wagon struck some impediment in the alley, breaking off the shafts and letting the animal free. The damage done was but slight, and can be repaired for a few dollars.

No Reason for Discouragement.—While the work of boring for coal is going on, and the question whether it can be obtained here or not, is yet to be answered, our people should guard against the feeling that the prosperity and growth of the city are entirely dependent upon the establishment of coal mining here. With exhaustless mines within a hundred miles of us in every direction, whose proprietors are competing sharply for our trade, there is but little danger of any advance in price, and except in case of strikes among the miners, there is no danger of a failure of supply. We hope, therefore, that no business man, or manufacturing establishment, will regard the failure to obtain coal (if such failure is realized) as being necessarily, any considerable impediment in the way of our growth and prosperity. With present facilities for obtaining coal at present prices, the question of fuel should not stand in the way of any person, or company, who may desire to go into the manufacturing business here, while, therefore, all may feel that the opening of a good coal mine here would be a benefit to the city, they should, at the same time, understand that if coal cannot be obtained, the growth of the city should not be retarded on that account. Coal or no coal, with our railroad facilities, and farming lands on all sides of us, which are unsurpassed in fertility, together with many other advantages which but few cities possess, Decatur should go ahead, and at least double both her business and population within the next five years.

Opening of Choice Millinery, at Miss M. Falconer's, Thursday and Friday, April 29th and 30th, No. 18 Merchant street, up stairs [21-wtdit]

Excursion to St. Louis April 30.—Persons who propose to go on the excursion to St. Louis which takes place on Friday of this week will do well to note excursion instructions which appear in our columns as to hotel accommodations in St. Louis. With the reduced rates the expenses of the trip will be small, and there will doubtless be a large delegation from Decatur.

Uniform Assessments.—At a meeting of the assessors of most of the townships in the county held in this city on Saturday afternoon, a schedule of prices was agreed upon at which to assess first class stock and some other kinds of personal property. Good horses are to be rated at \$80, good milch cows at \$110, milch cows at \$80, stock hogs at \$4 per hundred, and fat hogs at \$5. Wheat is to be rated at 75 cents per bushel, corn at 40c., and oats at 30c. Of course these rates rule only in assessing property that is up to and above average in regard to quality. In rating property that is below average the assessor will use his discretion.

Mules for Sale.—Any persons wishing to buy nice three and four years old mules, will consult their interest by calling at the Livery Stable of Caldwell Brothers, on West Main street, Decatur, Jan 30, '75-d&wtf.

BAPTIST SUNDAY SCHOOL.

Our reporter paid this school a brief visit yesterday and found a large attendance. In the hour of meeting is 9 o'clock, in the morning, which may be considered a favorable hour, from April to October. During the other six months of the year the shortness of the mornings would probably militate against the attendance. The school is in charge of George F. Wessels, Esq., a Superintendent, who has an excellent faculty of managing its meetings, so as to keep all interested in the exercises from the opening to the close. Mr. W. has an excellent assistant in the person of Mr. Liddle. The post of Secretary is ably filled by Mr. Fred. Wessels, who, in addition to the other duties, calls the roll of officers and teachers at the opening of the school, takes an account of the number present in each department at every session, and near the close reports the same, and also the amount taken in collection. Mr. O. N. Bramble is Principal, and Mr. Benj. Howenstein Assistant Librarian. The appearance of the school indicates that it has a competent and faithful corps of teachers, who know how to interest those under their instruction.

Capt. Harris has a large class of young ladies, in which the lessons are conducted in the Captain's own peculiar style, and in a manner that awakens the deepest interest, and secures the closest attention of all the members.

The infant department is in charge of Mrs. Knipe, who conducts the exercises of her class in a way to both interest and profit the little folks. She has a rare faculty of holding their attention throughout, performing successfully the very difficult task, of pleasing and instructing the children at the same time. From what our reporter was able to see and hear of the school during his brief visit, he judges it to be in a highly prosperous condition. The singing, under the direction of Mr. Wessels, is spirited and charming, and all the exercises were of a deeply interesting character.

Sunday Afternoon.—Yesterday was a very quiet day in town, and as the weather had moderated to a comfortable temperature, people walked abroad to a considerable extent, and enjoyed themselves in the open air.
The churches were well attended, both morning and evening, and truth was dispensed to the people with fervor, by the preachers officiating.
Mrs. Waugbough entertained a fair congregation at Stapp's Chapel, with select readings. Those who heard her expressed themselves as being highly pleased.
The world's people generally were on their good behavior, and we heard of no disorder of any kind. A large number visited the cemetery, and lingered around the graves of departed loved ones.

As the roads had become tolerably well settled, not a few hitched up their teams for a buggy ride, and some who are not possessed of that luxury, leaved on the livery stables for supplies.

Thus the last Sabbath of April, 1875, passed quietly into history, with no event to make it particularly memorable to the dwellers in Decatur and the regions round about.

Bound Over.—Thomas O'Neal, the burglar, who was caught Friday night, by officers Pringle and Tucker, was taken before Justice Albert Saturday afternoon to answer to the charge of burglary. He made little or no defence, and regarded all the proceedings against himself with the most provoking nonchalance. The Squire fixed the bail at \$800, and asked O'Neal if he had any money, friends or security. The reply given was in the negative, and the prisoner marched back to the county jail, where he remains imprisoned, awaiting his trial at the May term of the circuit court.

Presbyterian Church.—On yesterday, in the absence of Rev. Mr. Mackenzie, the pulpit of this church was ably filled by Rev. Mr. Roberts, a brother of T. T. Roberts, Esq., of this city.

Golden Butter.—On Saturday Mr. V. Barber left at our office two rolls of butter, the products of his Alderney dairy, which are a deep gold-yellow color, and most deliciously sweet. They are the handwork of Mrs. Barber, and they pay a very high compliment to her skill as a dairy woman. Mr. Barber contracts his butter at 35 cents per pound and pledges our cordial support to the Alderneys, and our vote to Mrs. Barber as a butter maker that is hard to beat.

Base Ball.—On Saturday afternoon a very interesting game of base ball was played on King's common, in the north part of the city, between the Rough and Ready club, recently re-organized, and a club known as the Enterprise, made up of the best players of the 1st and second ward schools. The members of the former club are nearly all men, and confident of victory, they agreed to play their diminutive opponents with seven men. The Enterprise nine were all in excellent trim, and played well in the field although they were not quite as good at batting as were their big opponents. After the sixth inning had been played the seven were crestfallen and not nearly so confident of victory as they had been. At the end of the game the score stood Enterprise, 72; Rough and Ready, 27.

The latter club will now have to "take a back seat" and leave the contest for the championship to their victorious opponents and the "Runaway" nine.

For Choice New York Peasblossom Potatoes, go to D. H. Heilmann, in Ulrich's block.

A SLIGHT "ONPLEASANTNESS."

An Inebriate Pounded for his Inse-

On Saturday afternoon Richard Campion, a farmer living east of the city, went around in the saloons of the city, and when he had "loaded in" about as much of the "ardent" as he could conveniently carry, he went to the home of his wife, and picked up the noisy fellow, and hustled him into the street in double-quick time. Here Campion was picked up by a friend and persuaded to give up the fight that he swore he was going to have. After a little delay he imbibed several additional inches of whisky, and summoning up all his courage, he re-entered the saloon, and again commenced a disturbance. Sells peremptorily ordered him to "light out," but the command was unheeded by the man, who continued using the most foul-mouthed language, and heaping upon Sells the most abusive epithets. Again Peter thought that "forbearance had ceased to be a virtue," and he straightened out his arm rather suddenly and floored the obnoxious countryman.

Sells then gave himself up to Deputy Marshal Heyes, and went in that officer's company to Squire Albert's office, to pay a fine of \$3 and costs.

Subsequently Campion washed the blood off his face and was taken before the same Justice to answer to the charge of "disturbance." He pleaded not guilty, and with the assistance of several of his companions he commenced crying innocence and injustice. The Justice stopped all the palaver by making threats of imposing fines if order was not preserved. He then heard the evidence in the case, and said he must judge Campion guilty of the charge. A fine of \$3 and costs was assessed, which amount Campion refused to pay, but he finally succumbed, and plunked down the cash rather than go to the calaboose.

Hickett knew nothing of the second difficulty between his bar-tender and Campion, and hence when he was called upon to go before Justice Albert he saw no occasion for it, and refused to go, thus resisting the officer, and laying himself liable to a fine. He afterwards went to the Justice's office, where he paid the fine of \$5, usually assessed for that offence.

Directors' Meeting.—The board of directors of the Citizens' Association meets this evening, at the Priest House. As questions of importance will be discussed, a full attendance is earnestly requested.

POLICE NEWS.

William Lovar loved his bourbon a little too well Saturday afternoon, and the consequence was that he became gloriously drunk. Unfortunately for him a policeman espied him while he was in this condition, and escorted him to the calaboose. Subsequently he was taken before Justice Albert, where he was fined \$3 and costs.

Archibald Owens, plead guilty to the charge of intoxication in the same court Saturday afternoon, and was likewise fined \$3 and costs.

Strictly Pure.—It is a fact that while Dr. Price's Cream Baking Powder and True Flavoring Extracts, Lemon, Vanilla, etc., have been made for many years without reducing their standard of perfect purity, not another Baking Powder or Flavoring Extract in the market is free from adulteration. There are no coloring poisonous oils or acids in Dr. Price's Flavors, nor chalk, alum, or other injurious substances in his Cream Baking Powder. We know the manufacturers take pride in having their articles strictly pure.

Dr. Pierce's Favorite Prescription is very strongly recommended by the Medical Faculty and is largely prescribed among their female patients. It is worthy of all confidence, as may be seen from the following testimonials.

Dr. G. B. CHAPMAN, Plattsmouth, Neb., writes: I have under treatment a lady, who, for the past seven years has been afflicted, and, after trying several physicians without receiving benefit, is gaining rapidly on your Favorite Prescription.

ATLANTA, ILL.
DR. R. V. PIERCE, Buffalo, N. Y.
Dear Sir—I have not words to express my gratitude to you for your advice and assistance in my case. There is not one who has used your medicine since they have been brought here, but that can say with me they have been greatly benefited. Since I have been so helped by its use, six or seven around me left off all doctors and other medicines, and now use it in their families, after being cured of the same disease as mine. You do not know what a wonder it created in our city, by its restoring my sister I wrote you about, for she had been under the care of three of our best doctors, but could not sit up but for a few minutes at one time. I began of her to try your medicines, and before she had used half the bottles she could go all around the yard, and has now just come home from a visit five miles away.
